Instructions:

California schools are required to check immunization records for all new student admissions at TK / Kindergarten through 12th grade and all students advancing to 7th grade before entry. See shotsforschool.org for more information.

Unconditionally Admit a pupil whose parent or guardian has provided documentation of any of the following for each immunization required for the pupil’s age or grade as defined in the table above:

- A temporary medical exemption from some or all required immunizations.*

Conditional Admission Schedule for Grades K-12

Before admission a child must obtain the first dose of each required vaccine and any subsequent doses that are due because the period of time allowed before exclusion has elapsed.

Dose	Earliest Dose May Be Given	Exclude If Not Given By

2. If DTaP #3 is the final required dose, DTaP #3 should be given at least six months after DTaP #2, and pupils should be excluded if not given by 12 months after second dose. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the seventh birthday. One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement.

Continued attendance after conditional admission is contingent upon documentation of receipt of the remaining required immunizations. The school shall:

- review records of any pupil admitted conditionally to a school at least every 30 days from the date of admission,
- inform the parent or guardian of the remaining required vaccine doses until all required immunizations are received or an exemption is filed, and

As the parent or guardian, I hereby consent to my student's use of the Internet at school. I also agree not to hold the district responsible for materials acquired by the student on the system, for violations of copyright restrictions, users' mistakes, negligence, or any costs incurred by users.

Who should I include in “Household Size”?

You must include yourself and all people living in your household, related or not (for example, children, grandparents, other relatives, or friends) who share income and expenses. If you live with other people who are economically independent (for example, who do not share income with your children, and who pay a pro-rated share of expenses), do *not* include them.

What is included in “Total Household Income”? Total Household Income includes all of the following:

- **Gross earnings from work:** Use your gross income, not your take-home pay. Gross income is the amount earned before taxes and other deductions. This information can be found on your pay stub or if you are unsure, your supervisor can provide this information. Net income should only be reported for self-owned business, farm, or rental income.
- **Welfare, Child Support, Alimony:** Include the amount each person living in your household receives from these sources, including any amount received from CalWORKs.
- **Pensions, Retirement, Social Security, Supplemental Security Income (SSI), Veteran’s benefits (VA benefits), and disability benefits:** Include the amount each person living in your household receives from these sources.
- **All Other Income:** Include worker’s compensation, unemployment or strike benefits, regular contributions from people who do not live in your household, and any other income received. Do not include income from CalFresh, WIC, federal education benefits and foster payments received by your household.
- **Military Housing Allowances and Combat Pay:** Include off-base housing allowances. *Do not* include Military Privatized Housing Initiative or combat pay.
- **Overtime Pay:** Include overtime pay **ONLY** if you receive it on a regular basis.

How do I report household income for pay received on a weekly, twice per month, every other week, monthly, and annual basis?

- For each household member determine the frequency in which income is received (weekly, twice per month, every other week, monthly, or annually) and enter amount in appropriate column. For example, if you are paid twice per month report the gross amount of your paycheck in the appropriate column.
- Repeat these steps for each source of income for each household member. If you have more sources of income than columns provided, report all additional income in the appropriate column. Add amounts reported in each column in the subtotal row. Multiply each subtotal by the appropriate number, as indicated on the form.
- Add all columns to determine the Total Household Income.

If your income changes, include the wages/salary that you regularly receive. For example, if you normally make \$1,000 each month, but you missed some work last month and made \$900, put down that you made \$1,000 per month. Only include overtime pay if you receive it on a regular basis. If you have lost your job or had your hours or wages reduced, enter zero or your current reduced income.
